In the latest military thriller from the retired Delta Force Operator and New York Times bestselling author, a hostage situation places America s most powerful political elite at the mercy of its worst enemies. When veteran operator Pike Logan and partner Jennifer Cahill receive a letter from Blaisdell Consulting the umbrella cover company for their real employer, a top secret counterterrorist unit called the Taskforce they expect orders for their next mission-impossible tasking. Instead, they learn that their latest actions have gotten them fired, despite having saved thousands of innocent lives. Pike s shock and fury is redirected when their commander, Colonel Kurt Hale, asks him and Jennifer for help with a personal matter: His niece Kylie, an exchange student in England, has gone missing. Neither Pike nor Jennifer understands how critical her disappearance will become. Meanwhile, all Taskforce teams have been redirected to a developing situation. A terrorist organization has targeted military relatives of key members of the US government, including the vice president s son. Their seizure of hostages was far-reaching and meticulously coordinated, and the full extent of the threat and potential demands has thrown the government into turmoil. They face a terrible choice: Cease counter-terrorist operations, or watch hostages die one by one. How much is a single life worth? Unless the Taskforce can decipher the web of lies devised by their enemies, the United States is about to find out.
